VAIBHAV KUMAR

B.Tech AI & ML Student | Machine Learning & Agentic AI | Software Engineering

+91-9304186068 | vaibhavpandey3103@gmail.com | LinkedIn | GitHub | Bhopal, MP

SUMMARY

B.Tech AI & ML student with hands-on experience across agentic AI, computer vision, and NLP projects spanning national hackathons and applied research. Comfortable working end-to-end — from model design to deployment-ready systems — and looking to bring this experience into an internship building real-world ML/software products.

PROJECTS

SatQuery AI — Agentic Vision-Language Platform for Satellite Imagery
Smart India Hackathon 2026 · Problem Statement 26167

- Building an interactive Vision-Language Model (VLM) assistant for multimodal remote-sensing image analysis via natural-language text queries.
- Architected a deterministic agentic orchestration layer for query classification, model/tool selection, and evidence fusion — deliberately keeping spatial and geographic reasoning off the LLM for reliability.
- Stack: React/TypeScript/MapLibre GL frontend, FastAPI backend, PostgreSQL+PostGIS, PyTorch/HF Transformers/PEFT, Sentinel-1/2 satellite data via Copernicus.

HireReady AI — Resume Analyzer & ATS Optimizer

- Built an AI-powered web application that analyzes resumes and calculates ATS compatibility scores.
- Implemented keyword matching and skill-gap analysis against job descriptions.

Jarvis — Personal AI Assistant

- Developed a voice-activated AI assistant capable of answering queries and performing basic commands.
- Integrated speech recognition and text-to-speech libraries in Python.

Spam Detection System

- Built a Logistic Regression classifier to identify and filter spam messages, with TF-IDF/tokenization preprocessing on real-world text datasets, achieving strong classification accuracy.

EDUCATION

B.Tech, Artificial Intelligence & Machine Learning
Sagar Institute of Research and Technology
2024 – 2028 | CGPA: 7.21 / 10

Higher Secondary (Class XII)
Jharkhand Academic Council (JAC)
Completed 2024 | Percentage: 73%

Secondary (Class X)
Jharkhand Academic Council (JAC)
Percentage: 89.80%

ACHIEVEMENTS

Star Performer Award
Recognized for outstanding academic and co-curricular performance.

1st Prize — Graviton Event
Won first place in this technical competition category.

1st Rank — SAGE Showcase
Ranked first at the SAGE Showcase, "Model for the Future."

SIH 2025 & Swarnim AI Challenge
Participated in Smart India Hackathon 2025 and the Swarnim AI Innovation Challenge.

Event Coordination Medals
Medalled for coordinating both National Science Day and National Mathematics Day at the college level.

SKILLS

Python	Java
SQL	MS-Excel
NLP	Data Science
Agentic AI	Git/GitHub

COURSES & CERTIFICATIONS

Oracle Cloud Infra. 2025 — AI Foundations Associate
Introduction to Data Science — Infosys
TCS ION Career Edge – Young Professional
Data Analytics Job Simulation — Deloitte
AI for Beginners — HP
LinkedIn Marketing Fundamentals — LinkedIn

LEADERSHIP & ACTIVITIES

- Google Student Ambassador 2025, 2026 — promoted Google technologies and organized community events.
- Student Ambassador — National Student Conference 2K25.
- Coordinator — National Science Day and National Mathematics Day (college level).
- Active open-source contributor on GitHub.

SOFT SKILLS

- Leadership and Team Coordination.
- Event Management.
- Researcher and Analytical Thinking.
- Strong communication skills; quick learner, comfortable picking up new tools and frameworks.
